

Climate Change Agreement for FDF

Note 04: Completing HMRC PP10 and PP11 Forms

April 2024

Introduction

Climate Change Levy (CCL) is charged on electricity, gas, coal and LPG.

If a site is covered by a Climate Change Agreement then it is entitled to claim up to 92% relief from the CCL on Electricity, and up to 89% on the other fuels* (Natural Gas 89%, LPG 77%, Coal 89%). Relief prior to 1st April 2024 was 92% on Electricity and 88% on Natural Gas and Coal, 77% on LPG.

Once your Underlying Agreement has been activated, in order to claim the discount on the CCL you need to complete HM Revenue & Customs forms PP10 and PP11.

PP10 and PP11 forms are valid for five years from the date that they are submitted. They must be resubmitted if you change energy supplier, change the percentage CCL relief being claimed or if five years have lapsed and they have become invalid.

This FDF CCA note includes:

- · Links to the PP10 and PP11 forms.
- Guidance on how to complete the PP10 and PP11 forms.

Please contact the FDF CCA Helpdesk if you require further information (0844 800 1880 or fdfcca@slrconsulting.com).

st If a CHP on site has been deemed to be a 'good quality' CHP then it can claim more than 89%.

PP10 Form:

- Gives HMRC details to support your certificate of entitlement to relief from the main rates of Climate Change Levy (CCL).
- Works out the percentage relief to use on the supplier PP11 Forms.
- PP10 is sent to HMRC only.

PP11 Form:

- Claims relief against the main rates of CCL from the supplier.
- Supplier is legally obliged to receive PP11 certificate before providing CCL relief.
- PP11 is sent to Supplier only.

You will need to fill in separate PP10 and PP11 forms for each commodity and supplier against which you wish to claim relief.

Complete and preview forms online - then print off, sign & date and post.

Keep a copy of all completed forms for your records.

What to do now

Fill in form PP11 'Climate change Levy supplier certificate' and send it to your energy supplier (do not send a copy of the PP11 'Climate Change Levy supplier certificate' to us but keep a copy for your records).

You must review the correctness of PP11 supplier certificates no later than the earlier of:

- the 60th day following the anniversary of the date on which the PP11 supplier certificate was delivered to the supplier
- the 60th day after the customer has burned (or in the case of electricity consumed) the last of the taxable commodity supplied to which the PP11 supplier certificate relates

More information on the review of relief entitlement is within Excise Notice CCL1/3 'reliefs and special treatments for taxable commodities'.

Please sign and date the form in the fields provided on the printed output and send the completed form to us but keep a copy for your records.
